The Kodav Has Led the Way

Whenever an improvement in bed Davenport was announced, it was the makers of the Kodav that made the announcement and in this Kodav Bed you will find the very latest features brought out by the makers. When you place this bed in your home, you will have the satisfaction of knowing that there isn't a Bed Davenport made that operates more simply than this one.

Its Simplicity of Operation Assures Lasting Wear

The more complicated anything is, the more apt it is to go wrong in some way. The extreme simplicity with which this Kodav operates greatly lessens any chance of its getting out of order. The Kodav is designed for service and no matter whether you use it as a bed every night or one night a month, it's always ready, never out of order, changing from a beautiful piece of Parlor Furniture to a comfortable bed, smoothly and silently.

Instead of Moving in a Larger Flat Move in a Kodav

When you rent a house or an apartment your rent is based largely on the number of rooms desired. With a Kodav you combine two rooms in one, lessening your monthly rental, you have a very beautiful piece of Parlor or Living Room furniture by day and a "cozy," "comfy" sleeping room at night. It is the only piece of furniture in your home that will give you continuous 24 hour service.

Upholstered in Kodav Art Leather

Not only have the makers of Kodav Bed Davenports developed the convenience and simplicity of their Bed Davenports to a remarkable degree, but they have also devoted a great deal of time and money to discover a fabric that would give the same service as leather, and their efforts have met with success, for the fabric they use in their upholstering does not only resemble the genuine in appearance, but it also wears like the genuine.

A Brief Description of the Different Rooms

The Jacobean Dining-Room

Suite

The chief thing that distinguishes this three room outfit combination from the ordinary outfit, is the classic design of the furniture. The Dining Room is designed after the Jacobean Period. It is a perfect reproduction of one of the great designs from this celebrated period. The finish is a beautiful nut brown fumed oak. The chairs are Genuine Spanish leather. There are six chairs, large Buffet, China Cabinet and Dining Room Table.

Glass Top, Adam Design, Bedroom Suite

This beautiful bed-room combination is of perfect Adam design. Both the Dresser and Chiffonier and Dressing Table have large beveled glass top. The drawers are equipped with antique metal drawer pulls. Owing to the fact that many rooms are too small to accommodate a dressing table, we have not included same in the three room combination. It can be secured at a slight additional cost.

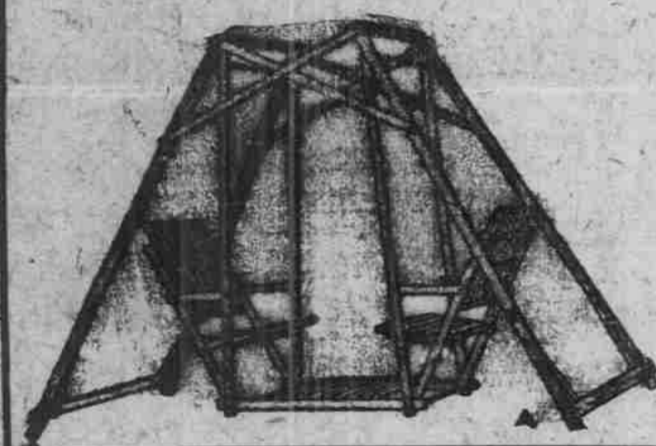

The Well-Equipped Kitchen

Unlike most kitchen combinations that just include kitchen chair and table, etc., this combination includes a completely equipped kitchen cabinet, and a standard gas range. You can have your choice of several models in either one of these two pieces of furniture. The outfit also includes kitchen table, kitchen chair and linoleum to completely cover the kitchen floor. Thus, you have three roomfuls of furniture, not only beautiful in design, but the essentially, practical pieces, and at a wonderfully low price.

The Terms To Suit Your Convenience

Few men indeed there are who cannot afford to set aside a few dollars a month for the furniture for their new home. Think of the pleasure and happiness that the ownership of such a home as pictured above would bring to you—how it would gladden the hearts of those you love. Not a penny more is asked of you than the amount stated and this amount is lower than any that has been published heretofore on such a splendid combination of furniture.

RELIGION FOURTH 'R' FOR STUDENT, SAYS FATHER RYAN

New Haven Priest Gives eloquent Address to St. Charles' Graduates.

In delivering a very interesting and highly instructive address before the graduating class of St. Charles' school last evening at St. Charles' church, Rev. Michael J. Ryan, of New Haven, classified religion as "The Fourth R," and as greatly required as reading, writing and arithmetic in the education of the young.

He paid great tribute to the school system of the Roman Catholic church of this country, maintained only through the support of those who love it. He very forcibly showed to the audience the need of religion in the education of the young children of today. He stated that the Catholic schools, besides teaching the necessary essentials, build within the pupils a strong foundation in their religious belief.

The sisters in charge of St. Charles' school were praised by Father Ryan for their good work in this year and in past years. He urged the graduates always to remain true to their motto, "Follow the King."

Rev. Patrick McGivney delivered a short but interesting address after he had distributed the diplomas and prizes.

The program for last evening's exercises was as follows:
Processional, "Pilgrim's Chorus," from "Tannhauser," Wagner.
Assembly of Graduating Class.
Chorus, "Unfold Ye Portals," Class.
Address to Graduates, Rev. Michael J. Ryan.
Interlude, "Trauerlied," Schumann.
Presentation of Diplomas and Prizes.
Rev. Patrick J. McGivney.
Act of Consecration.
Ave Maria, Bailey.
Benediction.
"O Salutaris," Paley.
Hymn, "Jesus, Keep Me Close to Thee," Berge, Graduates.
Recessional, March from "Athalie," Mendelssohn.

McGivney, was given to Harold Albert Ashley. The second prize for Christian Doctrine, gift of Rev. P. J. McGivney, went to Herbert Thomas Strouse.

ARCANUMS POSTPONE OUTING

Seaside Council, No. 769, Royal Arcanum, held its regular meeting Wednesday evening, at its room in the Citizens' Building. One candidate was initiated, and the matter of Arcanum Day, which was to have been held Saturday, June 26th at Godfrey's Grove, was brought before the Council for action, at which time it was voted to postpone same, owing to the inability of getting the necessary articles together to make the day a success.

BASEBALL GOSSIP.

Fred Clarke says that Dan Costello is the best coach the Pirates ever had and describes him as the freshest youngster that has broken with the majors since Mike Donlin's debut.

It is not often that a boy with a preparatory school team gets a chance in the majors, but Haas, the giant left hander from Worcester Academy got a try out with the Athletics. He is 22 years old.

Little Chief Meyers, the first assistant mascot of the Yankees, and his dog Mike were photographed several times after the first game of Saturday's double header at the Polo grounds. Prior to that time the Yanks had won seven straight and the "Little Chief" had kept in the background. Just after stopping in to the limelight the Yanks dropped one to the Indians.
